NADA AUSTRIA MEETS COLLEAGUES FROM MONTENEGRO IN VIENNA

[back](#)

As part of the Memorandum of Understanding between NADA Austria and the Montenegrin Anti-Doping Commission, which was concluded in 2024, the director Dr. Olivera Prodanović and several doctors and laboratory employees who will be working as doping control officers in Montenegro in the future, meet in the offices of NADA Austria in Vienna from July 16-17, 2024.

The focus of the meeting was on the implementation of doping controls and results management.

Mag. Michael Cepic, CEO of NADA Austria: "NADA Austria's mentoring for Montenegrin colleagues is developing very well. With our experience from 16 years of anti-doping work, we can help to establish and further develop anti-doping work in Montenegro."

So far, several working meetings have taken place in Vienna and Podgorica as part of the mentoring program with the aim of providing the Montenegrin colleagues with the best possible support in implementing all the requirements and guidelines of the World Anti-Doping Code.
